

Aishwarya College of Education

• Recognized by UGC under Section 2 (F) & 12 (B) of UGC Act, 1956 • Accredited by NAAC

INSTITUTIONAL PERSPECTIVE & DEPLOYMENT PLAN

A Prospective plan is a blueprint of efforts made by the institution to impart quality education and achieve its vision, mission, goals and objectives. These plans are created to provide guidance and directions for an institution. Perspective plans are typically developed over the course of past years and are used to guide the organization's decision-making and operations. The purpose of a perspective plan is to provide a framework for the organization to use when making decisions about the future. The plan should be used to measure progress and evaluate the strategies and tactics that the organization is using, including the organization's strengths and weaknesses, current challenges and opportunities. Aishwarya College of Education (ACE) established in 2004 under the aegis of Gayatri Technical Education Trust (GTET) is committed to fulfill the dream envisioned by its founder members of providing modern technical and value-based education to its students. A team of highly qualified and committed professionals is devoted to grooming students to make them better equipped professionals and be our brand ambassadors, as we believe in practice and not mere words and the fact is reiterated by our every improving result both in academics and extracurricular activities.

IQAC is the most prominent administrative body responsible for ensuring quality assurance and enhancement. So, while preparing the prospective plan, the IQAC of college has taken utmost care that due consideration is given to the requirements of all the stakeholders. It has been prepared keeping in mind the quality assurance indicators of seven Criterion of NAAC. The prospective plan draft was prepared and discussed with the members of IQAC for their approval after finalization of the plan.
